Cc: ViceChairman.Wright; Commissioner.Hall; Commissioner.Whitfield
Subject: Water Increase

Please be advised that I am completely against the proposed rate increase. We already pay higher rates than any other supplier. I believe this increase will only provide windfall profits for the companies and gouge the local homeowners. I do vote in each election and wish to confirm that I will absolutely vote against any and all incumbents as they come up for election if this increase is approved. I will also lobby with all of my neighbors and neighborhoods to do the same. If you wish to stay in office in the future you should heed this email. The people will make their voices known if you cannot.

Sincerely,

Liane Mickesh
